

“My bank sees a future
in our past.”

Marylou Colver
Founder, Lake Oswego Preservation Society

As the founder of the Lake Oswego Preservation Society, Marylou Colver has a deep commitment to our community's rich history. Her new book, *Lake Oswego Vignettes: Illiterate Cows to College-Educated Cabbage*, is another way she's helping to make the history of Lake Oswego more meaningful for all.

The Bank of Oswego is honored to have the Society and Marylou as customers, and proud to support their efforts. Because, just like the historical sites she strives so tirelessly to preserve, Marylou is a true community treasure.
